SludgeWatch Ultra

PRODUCT DATASHEET

COMPATIBLE SENSORS

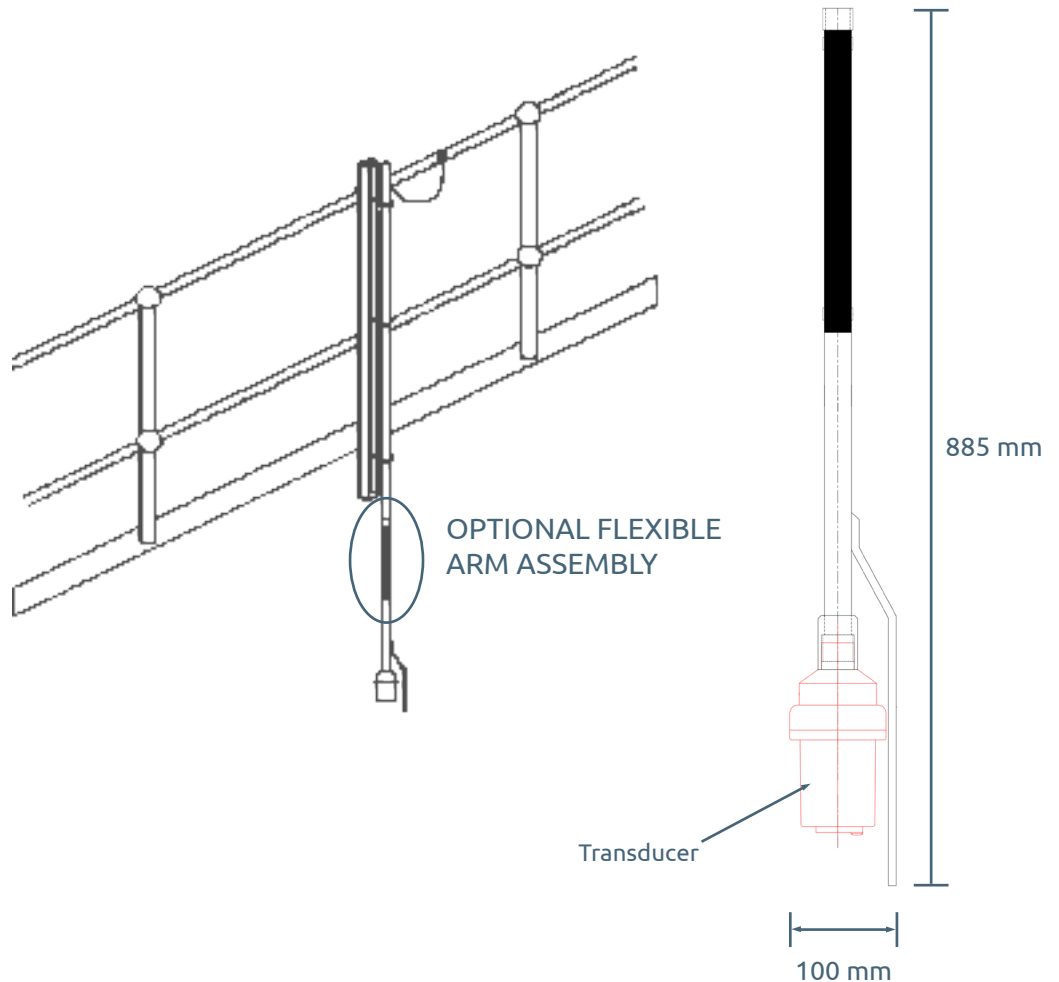

SludgeWatch Transducer

MATERIAL

Stainless Steel
Rubber

DIMENSIONS

Full Dimensions - 885 x 100 mm (HxW)

Order Codes

Part No Description

227918 FlexTech Transducer
Mounting Arm for Object
Avoidance

The flexible mounting arm is used when the transducer is to be installed on a fixed bridge with an independently rotating scraper, this allows the scraper to move the transducer out of the way as it moves slowly past.
